ORDER

On March 2, 2010 Special Master Daniel J. Capra issued a Report and Recommendation in the above-captioned cases addressing the omnibus issue of "primary violations." After the parties in these actions timely submitted objections to the Report and

Recommendation and responses to those objections, the Court heard oral argument on April 13, 2010 and considered the entire matter de novo. The Court deferred, however, issuing a decision because of the pendency of other Reports and Recommendations that dealt with issues that might either impact the recommendations of the March 2 Report and Recommendation or render them moot.

Having concluded that the matter is now ripe for decision, the Court finds itself in complete agreement with the Special Master's typically well-written and well-reasoned Report and Recommendation. Accordingly, the Court hereby adopts the Report and Recommendation in its entirety.

SO ORDERED.
